ACI ASIA-PACIFIC & MIDDLE EAST
REGIONAL ASSEMBLY, CONFERENCE AND EXHIBITION

15-17 APRIL 2025, NEW DELHI

THE EVENT

As the only trade association representing Asia-Pacific and Middle East airports, the event offers a level of authority and insight that other conferences cannot. The association represents over 600+ airports across the Asia-Pacific and Middle East regions allowing us to create highly tailored events that cater specifically to the needs and challenges faced by all types of airports. With over two decades of experience in organising aviation events, the association has deep expertise in curating sessions that matter most to airports at various stages of their development.

The Annual Regional Assembly, Conference & Exhibition typically covers a wide array of topics such as connectivity, strategy, security, sustainability and infrastructure development. These themes are highly relevant to the evolving needs of airports as hubs of transport and commerce.

Airports Council International (ACI) Asia-Pacific & Middle East

A journey of thousand miles begins with thousands of airport smiles.

We are proud to be the voice of airport operators in the fastest-growing regions of the world, Asia-Pacific and the Middle East. Our team of professionals works tirelessly to serve and lead airports in the region with the vision to shape the future of the aviation industry globally. Headquartered in Hong Kong SAR, ACI Asia-Pacific & Middle East is one of five regions of the only global airport trade organisation, Airports Council International World. ACI Asia-Pacific & Middle East also has a Middle East office in Riyadh.

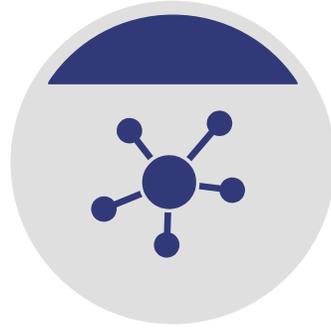

WHO WE ARE ?

Monitor

the current trends
(traffic trends, economic impact on airports, airport capacity)

Represent

Asia Pacific and Middle East airport in various groups or task forces with **ICAO** and other associations

Develop

Resolutions, guidance material and tools for airport members, decision makers and industry stakeholders

Promote

a coordinated approach to restore air connectivity in Asia-Pacific & Middle East)

Ensure

future viability of our sector (relief and recovery measures for the economic and environmental sustainability)

Delhi International Airport

Delhi International Airport Limited (DIAL) is a joint venture, formed as a consortium between GMR Airports Limited (Subsidiary of GMR Infrastructure Limited) (64%), Airports Authority of India (26%), and Fraport AG Frankfurt Airport Services Worldwide (10%). We believe in creating passenger delight every time they fly and this has been reflected in every facet of the airport.

GMR Airports Infrastructure Limited (GIL), is a leading global airport platform company with over two decades of experience in designing, constructing, and operating world-class sustainable airports, as well as pioneering aviation solutions in retail, aero services, and real estate.

ABOUT THE HOST

Delhi Airport is not merely a travel hub; it symbolizes India's expanding global presence, guided by a strategic focus on Passenger Experience, Sustainability, and Technology. It ranks among the world's top 10 busiest airports, offering direct flights to over 148 destinations across six continents.

With three operational passenger terminals, four runways, and a passenger handling capacity exceeding 100 million annually, Delhi Airport also stands as India's largest. It also leads as a cargo gateway with an annual capacity of 1.8 million metric tonnes, expandable to 2.3 million metric tonnes. The airport features state-of-the-art infrastructure, including an elevated taxiway that enhances operational efficiency and sustainability, and India's first exclusive General Aviation Terminal for private jets, complete with luxury amenities and dedicated services.
